I am a tech enthusiast, explored every possible abstraction layers of CS and prefer to stay in the bottom layers, away from the general users and closer to the system. I find how two abstraction layers communicate with each other (IPC, API etc) interesting.

Education

- **Dhaka University of Engineering & Technology, Gazipur** *February 2018 - 2021*
  - BSc, Computer Science and Engineering (final semester)

Technical Skills (DevOps Leaning)

- C++, Python, GNU/Linux systems (5+ years), WSL, CLI Applications, Version controlling - Git, SSH, OSI Layers, AWS (EC2, S3, Lambda), Open Source exploring, Software Licensing. I notice and enjoy other's design choices (UI/UX, System Architecture, Typography etc).

Experiences and Generalized Projects

- TicketBD, an online bus ticket selling platform (failed for bad hosting provider, bad uptime) that lauched on Sayedabad, Dhaka to sell bus tickets, online. A PHP backend Web application.

- Also, a Github clone, that only lets me clone over http (push requires CGI scripting) - python flask backend, A Microsoft Outlook Plugin - Phish Me, Desktop and Webapp plugin that helps to report phish emails to sysadmin.

Leadership Experiences (selected)

- **Vice President, Ex General Secretary - DUET Computer Society** *July 2021 - Jan 2022*
- **Senior Vice President - DUET Sports Club** *July 2021 - Jan 2022*

Awards and Certifications

- **ITEE, Level 2 - FE, Full Pass** (Nov 2021, Information Technology Engineers Examination - ITEE is the national level IT Engineers Examination governed by IPA, Japan)

- **Champion of Intra-DUET English Olympiad** (2019, Became the champion of Intra-DUET English Olympiad held by English Language Club, DUET)

Field of Interests

- Computer Systems, Core CS, World Peace, Mass/Public Education, Storytelling, Animal Conservation (Volunteered at https://www.instagram.com/creativeconservationalliance/ in this lockdown), Sports and Poetry will save us all one day, Chess, Math, Online forums (Hacker News, Reddit), Local and Global Economy and anything that stirs the intellectual interest

More on my blog stated at the top.
